EDUCATION

KIT's College of Engineering

Kolhapur, India

B.Tech. in Computer Science and Engineering / CGPA : 7.92/10

June 2019 – June 2023

Coursework: Data Structures, Algorithms, Operating Systems, Database Management Systems, Computer Networks
Information System Security

WORK EXPERIENCE / INTERNSHIP

Manorama Infosolutions Pvt. Ltd

March 2023 –July 2023

Software developer Intern

India

Designing and Implementing user-interfaces for each web page using .Net.
Collaborated with software engineers to develop and test application procedures for system efficiency. Participated in code reviews and maintained high-quality standards throughout the codebase. Tested and verified defects, conducting automated trials of root cause failures.

TECHNICAL SKILLS

Languages: C/C++, Java, SQL, JavaScript, HTML/CSS,Python

Frameworks/Database: ReactJS, NodeJS, Bootstrap, MongoDB, Android Studio, Android Studio

Tools: Git

TECHNICAL PROJECTS

Task Manager / NodeJS, MongoDB,ExpressJs,PostMan

- Engineered Task Manager with Node.js, Express.js, and MongoDB Atlas. Implemented secure RESTful APIs, optimized data handling, and collaborated on a streamlined interface, enhancing team productivity and project organization

Voting using Blockchain / ReactJS, MogoDb, NodeJs ,HTML, CSS, Blockchain Technologies /

- Orchestrated the integration of cutting-edge technologies to create a secure and transparent voting system. Developed a user-friendly interface, ensured data integrity, and leveraged blockchain for enhanced security. Collaborated cross-functionally to deliver a resilient solution.

Bus Pass System/ Android Studio, Firebase /

- Architected and implemented an innovative Android Bus Pass System using Android Studio and Firebase, guaranteeing foolproof user authentication, seamless payment gateway integration, real-time tracking, and comprehensive analytics. Revolutionized public transportation operations to elevate user satisfaction.

Certification

AICTE- AWS / Amazon web Services

- Learned about AWS cloud basics
- Learned about how to develop, tune and deploy and Host Models On AWS.

AICTE- Cybersecurity

- Learned about Cybersecurity.
- Learned about how to develop secure connection and how to use cypers, SHH etc.
